DIRECTORY 154

We're gonna make it!

Give us any chance we'll take it. Read us any rule, we'll break it.

We're gonna make our dreams come true doing it our way.

Nothing's gonna turn us back now. Straight ahead and on the track now.
We're gonna make our dreams come true.

There is nothing we won't try.
Never heard the work impossible.

This time there's no stopping us. We're gonna make it.

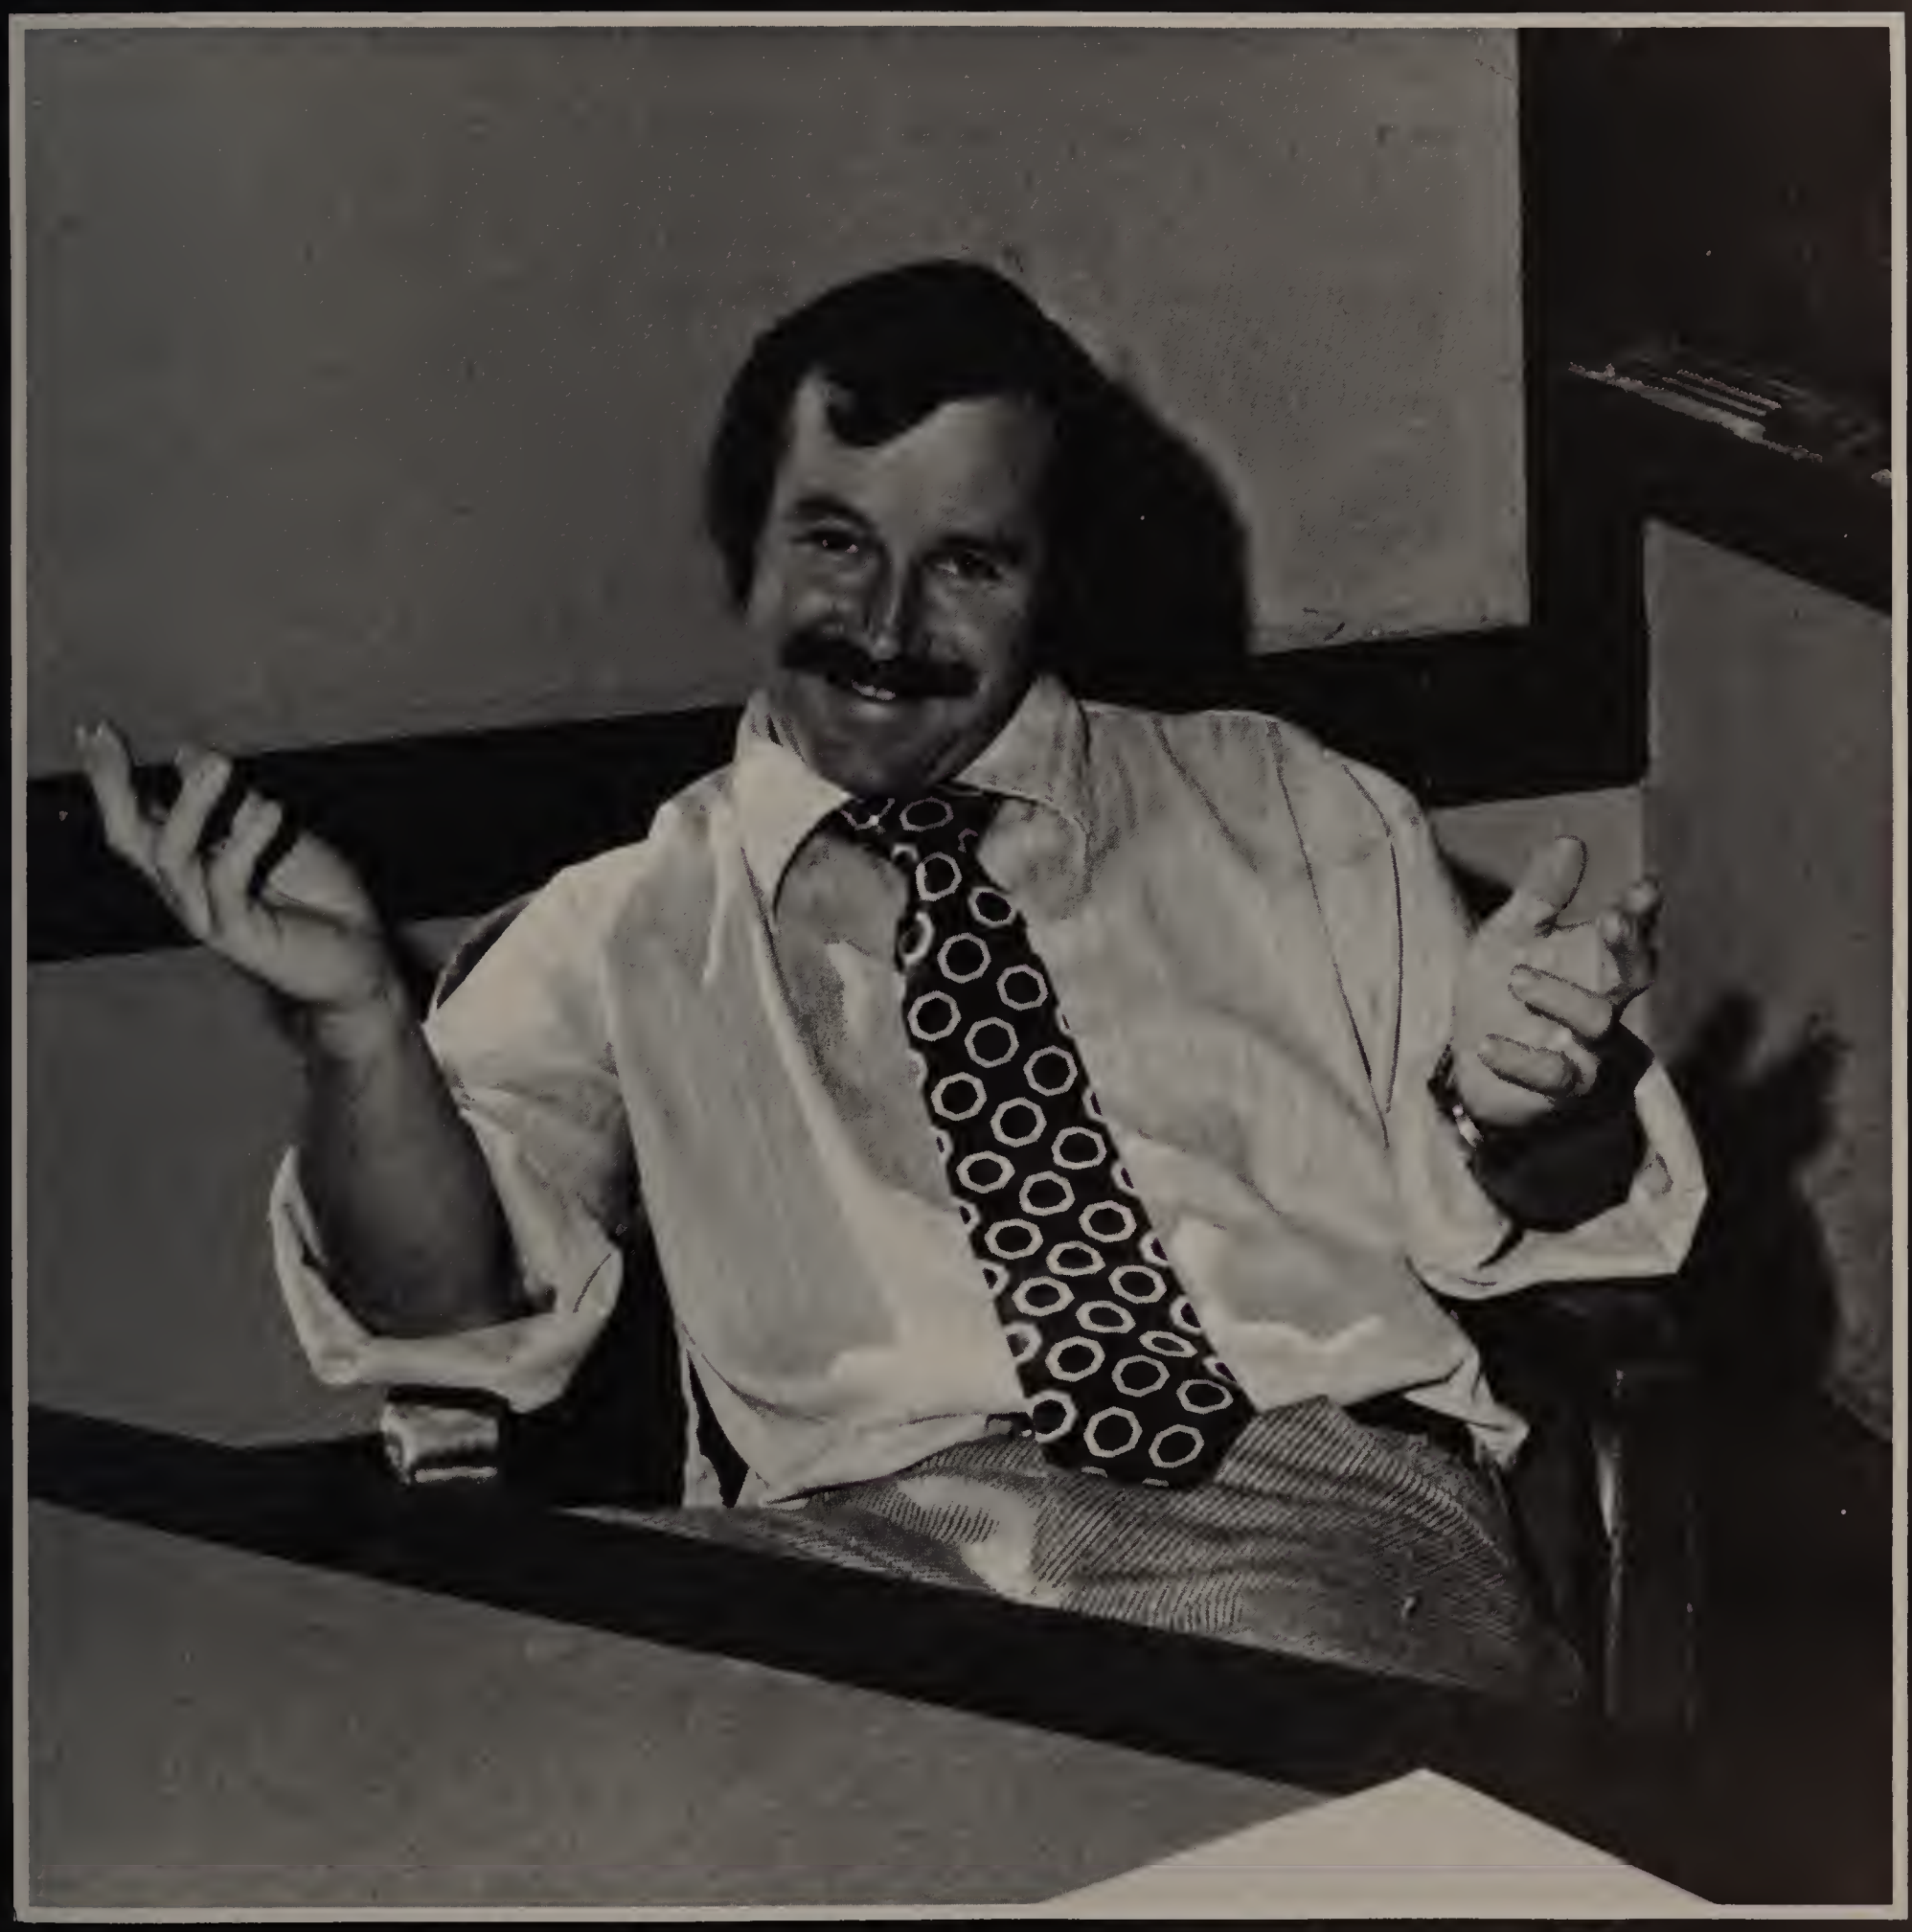

On your mark, get set, and go now. Got a dream and we just know now.

We're gonna make our dreams come true.

The most important part-time job in America.

That's the job of the New Minutemen. Like America's first Minutemen, they protect your country and your community. See how you can join them and learn a valuable skill. Earn extra money. And get ahead in life. All while enjoying the things you like about civilian life—in today's Army National Guard.

Let the Army help you with college.

Last year, there were over 200,000 enrollments in college courses by people in the Army.

They attended classes on post. They studied at nearby colleges and universities and the Army paid for up to 75% of their tuition and fees.

Our educational benefits are in addition to the job training you'll receive, the salary you'll make, the travel opportunities you'll have and the 30 days paid vacation you'll get every year.

If you'd like to find out more about all the educational benefits the Army has to offer, see or call your local Army Representative.
